Materials needed for the HAND QUILTING FOR BEGINNERS class:

- 60 cm of plain best quality calico / American Muslin, washed and ironed
- water soluble or erasable marking pen or pencil
- 20" x 20" square of best quality 2 oz. polyester wadding
- a round 14" quilting hoop
- hand quilting thread (any colour)
- hand quilting needles (size 8 , 9, or 10)
- quilter's thimble of your choice to fit the middle finger of your leading hand
- beeswax (optional)
- scissors

In the morning session of the class we will be quilting a plain cushion cover so you can concentrate on practicing the quilting stitch. In the afternoon session you may continue quilting the cushion cover or work on a sandwiched quilt project of your own. I will also be giving a demonstration on corded trapunto, stuffed trapunto, hand stippling, and filler stitching during the afternoon session, and you will receive relevant handouts on all of the techniques covered during the day, plus lots of insider tips which will help you become an expert hand quilter. I'm looking forward to seeing you in class!
